Recommendation Prompt for Yap Catholic High School Volunteer Program:

Yap Catholic High School (“YCHS”) is a U.S. Jesuit founded and run high school providing a college-preparatory, Catholic education to the students of Yap, a small island in the Federated States of Micronesia. Recent graduates of U.S. Jesuit colleges staff the school as volunteers, teaching three or four classes, moderating activities, and living a simple lifestyle in community with each other. Teaching and living in a small community immersed in a foreign culture requires maturity, flexibility, and generosity. Based on your experience of the applicant, how do you think he or she might respond to the challenge of teaching and living in a small community with other volunteers in this island setting?

*Responses do not need to be lengthy; a simple informal email to **volunteers@ychs.net** is sufficient. Thank you for your attention in this matter.*
